

TO WHOM IT MAY CONCERN,

28th August, 2010

Over the past two years Erika Forster of ***kitchenista*** has redesigned my bathroom, kitchen and wardrobe. I was so pleased with the new bathroom that I engaged her to assist with the other projects. Erika spent a lot of time, and displayed considerable patience, talking about my requirements and ideas. Then she made a number of inspired and constructive suggestions most of which I adopted eagerly and successfully.

Erika made accurate and detailed measurements of our site and provided an excellent set of plans for my renovation. She also suggested suppliers and tradespeople for me to contact. All of the tradespeople were delighted when given copies of Erika's plans as a basis of their quotes. I suspect they do not often get such clear guidance when quoting and undertaking renovations. The work proceeded smoothly largely as a result of the professional plans provided by Erika and we are delighted with the results.

I recommend Erika Forster of ***kitchenista*** highly to anyone embarking on a home renovation project. She is highly competent; she is a creative designer; she has a detailed knowledge of the appliances and items needed for kitchen and bathroom renovations, and; she has a detailed knowledge of the home renovation building industry. There is no way I could have achieved my great results without her assistance.

I would be pleased to provide any more information about my experience with Erika of ***kitchenista*** and can be contacted on (02) 98698508.
